

FOR IMMEDIATE RELEASE

**DAVID CONNER + ASSOCIATES LANDSCAPE ARCHITECT BRIAN COOK
NAMED TO ST. PETE BEAUTIFUL JURY**

Judging Begins For 50th Annual City Beautiful Awards

Tampa, Florida – September 14, 2016 – David Conner + Associates (DC+A), a landscape architecture, planning, and design firm that provides design solutions to reshape our environment into safe, walkable, and enjoyable outdoor spaces, announced today that the firm’s Brian Cook has been named to the St. Pete Beautiful jury.

2016 marks the 50th Annual St. Petersburg City Beautification Awards. Various homes, restaurants, hotels, and businesses are entered in the competition. The awards recognize sites on their landscape selections, sustainability, aesthetics, longevity, and other beautification qualities. All the jurors are landscape architects.

“The St. Pete Beautiful awards celebrate the beautiful landscape architecture and architecture that is throughout St. Petersburg,” said David Conner, landscape architect and principal of DC+A. “We believe in well-designed purposeful spaces that integrate natural environment. The awards recognize that in St. Petersburg, and we’re honored to have Brian named to the jury judging the awards.”

Cook joined DC+A in 2015. His professional experience includes engagement on numerous public space projects throughout the United States. He earned his Masters of Landscape Architecture from the University of Colorado Denver and a Bachelor’s of Science in Journalism from the University of Colorado Boulder.

The date of the awards has yet to be announced.

ABOUT DAVID CONNER + ASSOCIATES—

David Conner + Associates provides design solutions that reshape our environment into safe, walkable and enjoyable outdoor spaces. The firm includes planners, landscape architects, and urban designers who understand human movement and the interactions we have as we commute, circulate, socialize, and work.

We provide design solutions in balance with environmental systems, thereby improving sustainability, reducing maintenance and increasing value.
